

KMPS Parent Teacher Council Meeting Minutes – March 18th, 2014

Anne
Connie
Daniel
Stephanie

1. Painting

1 coat of paint was applied in the Elementary room. The room still needs the edging completed and another coat. The storage room outside the piano room also needs to be painted. So far, only the primer was applied.

Stephanie will send an email for volunteers for the evening of Mar. 28th or morning on Mar. 29th.

2. Summer Camp

New ideas for summer camp include:

Robotics

Learning to Build a Web Page

Minecraft (Headwater Hills has this as an after school activity. They are using a school version of Minecraft).

If these ideas prove successful, they can be continued as after school activities in the new school year.

3. Athletic Program

There is new sports equipment in the school.

Suggestion to check on track & field meets for small private schools. If there is none available, perhaps we can coordinate one with other schools (eg. Sunrise). The challenge is finding a space to accommodate.

A couple of the suggested sites are below. Anne will investigate.

Bill Crothers

Milliken Mills

4. Educational Activity from fundraising

Ann still needs to call Mystic Drummers for pricing.

5. International Night – Apr. 24th 5-7pm

The students are all doing projects on different countries which will display in the basement.

The teachers will coordinate the potluck.
